Dear Local Artist,

My name is Dr. Jillian Carden. I'm the Executive Director of Silverleaf Sexual Trauma Recovery Services. We are a non-profit agency focused on prevention and healing from the trauma of child abuse, sexual assault, and rape. We deliver several services throughout our 8-county region (Breckinridge, Grayson, Meade, Hardin, LaRue, Washington, Marion & Nelson). All services are provided FREE to the victim and their loved ones. Unfortunately, over the past few years our grant funds have continued to decrease.

This is where you come in!

On Saturday, April 12, 2025 we will be having our 5th annual art gallery and auction. We would like to display pieces by local artists from across our region. 100% of the funds raised will go toward our mission to provide quality trauma services to survivors in our communities.

We are looking for artists who would be willing to donate a piece of their work to be sold that evening. We can provide a tax deduction letter for all donations made. The theme for the auction will be "*Survive to Thrive.*"

We would love to feature your art. With your permission, we would like to publicize your generosity on our social media. Your name and bio will be available to all those in attendance, so your customer reach can be expanded. And you will be recognized as supporting a great agency in your area!

I've included a demographic sheet that will help us feature your piece. You are welcome to contact me with any questions or if you are interested in learning more about Silverleaf. You can also check us out online (silverleafky.org) or on social media.

All art will need to be at the Silverleaf office by March 1st. We will be glad to assist with picking up the artwork, if that helps.

Thanks in advance for your consideration & support,

Jillian Carden, Psy.D.
